## DIFFRACTION GRATING SPECIFICATION SHEET

Catalog no	<b>)</b> .		53	53-*-560R												1/22/2014			
Grating De	escrip	tion	60	600 g/mm plane ruled reflection grating with 22° nominal blaze an															
Master no	•		10													_			
		Maximum Ruled Area:					groove length						120 mm						
							ruled width:						204 mm						
Efficiency Curve			-	spectral order:				m = 1 polarization(s):						S	S and P				
			Co	Coating:				lluminum											
Remarks:

**Note:** The efficiency curve above is relative (not absolute) and was measured in an in-plane near Littrow configuration (unless otherwise indicated). Efficiency curves are only representative: actual efficiency may vary significantly depending on use geometry and measurement technique. This efficiency curve is for master 1058; two masters with the same catalog number may have different efficiency curves. The uncertainty band on the data in the above efficiency curve(s) is +/- three percentage points.
